MEMORANDUM FOR: Director of Training

SUBJECT : Weekly Activities Report
4 - 8 October 1971

GENERAL

25X1A6a 1. The notes on the highlights of the CI conference of 7-8 September have been received from the CI Staff under a cover letter which points up the need for assistance in working some of the material now in CI hands into summary form as illustrative examples for use in various training courses. The question of where this help will come from is being worked on both by us and by the CI Staff. The letter also acknowledged for the first time that in effect returning operations officers with CI experience are the most effective carriers of the CI message. This concession should permit us a great deal more leeway in both [] and OS in selecting good speakers.

STAFF TRAINING BRANCH

25X1A9a 2. [] a CS officer who has recently returned from an overseas assignment as a Registry Officer, will be working during the next
25X1A9a few weeks with [] in developing a name trace problem for use in the BOC. Officers in ISD/IP and CS Personnel were very cooperative in spotting and securing a person with useful qualifications for this short-term job.

25X1A9a 3. SB Division has requested [] support for about
25X1A2d2 five days in connection with an [] operation abroad, in which he has been closely involved. Dave will be leaving on this TDY assignment the evening of 8 October. Fortunately, there is no conflict with his OTR work.

AGENT AND LIAISON TRAINING BRANCH

4. Owing to increasingly short lead time, to growing demands, and to a shortage of linguists, ALT has been forced to turn down or postpone field training requests. Now at the behest of ALT, the DDP/TRO has written a memo to all Divisions asking them by the end of 1971 to submit their agent and liaison training estimates for 1972. We hope the response to this effort will be good enough to give us a rough idea of the load for the coming year.

5. During the period of this report ten programs involving 41 trainees were conducted. Three programs were conducted in Washington, two in New York, and five were TDY's. Three programs were finished, four new ones started, and three were continuing.

6. [redacted] is due to return to New York on 8 October from TDY
